Mark, apologize for delay.

Here is the ADP Tracker summary for this rule. Let me know what you hear, and I can reach out to OCSPP and/or stir the pot...

I can also reach out to Ed Messina who is acting in an OD Role in OPPT.

Keith—

I don't have ADP Tracker or RAPIDs access anymore because my Lotus password expired. Can you tell me the timeline for the Asbestos SNUR final Rule and who the WG chair is? **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP) OPPT inadvertently sent us this "options document" on a different matter!

Reading the attachment more closely in conjunction with the body of the email, I think Tanya did NOT intend to send this attachment and intended to send something different. I am not seeing an e-commerce nexus to this document at all. I just talked with James about this.

This is still an issue on why OECA has been left out of workgroup discussions.

Jessica, Geraldine—
Not sure why we were not included on this or heard anything about next steps about a workgroup meeting.

It seems we are only getting wind of this because Tanya had a e-commerce question. I will see about looking in RAPIDS or ADP tracker to see due dates and who the workgroup chair is for the final rule.

Amos – can we talk about this at the CRREB General? I'm hopeful our experience with this on the formaldehyde rule will pay dividends in this context.

I think I flipped Tonya's earlier voicemail. I don't recall where Mark was on this. Can we discuss at WCED general today?

Greg,
I just left you another voicemail message on this issue, but wanted to also follow-up via email. As I explained in my message, my staff has been working with Mark Garvey of your staff on the issue of ecommerce and how it relates to the formaldehyde rule. We'd like to add a new FAQ to the website to explain how we'll handle ecommerce entities. Attached is a background paper I'm using to brief up here. I'd appreciate you looking this over and letting me know the extent to which this FAQ has been briefed up in your office and your leadership is on board with this approach.

I was hoping to hear back from you this week so I can inform my leadership of where OECA's leadership is on this issue. Can you let me know where things stand on your end? I'm in the office the rest of today, as well as Thursday and Friday of this week. Thanks.

Tanya
